Marlborough-based collection agency American Profit Recovery has received two industry awards.

The company won a "Best Places to Work in Collections" award given by Best Companies Group, a workplace research organization, and insideARM.com, an accounts receivable industry group.

Collection Advisor Magazine also named APR partner Matt Moskowitz as one of its top 50 most influential collection professionals. This is the second year that someone from the company has been chosen for the award.

APR was founded in 2004 and has offices in Massachusetts, Michigan, North Carolina and Kentucky.
